

Welding Fixtures

Bauomat is a welding company with a proven track record in the design and manufacture of welding fixtures for all industries. All design work is in 3D and performed in the UK.

To be highly competitive we have a network of manufacturing facilities from proven partners in low cost manufacturing countries.

All proprietary items are sourced locally in Europe from leading suppliers for ease of spares and maintenance.

We are also pleased to manufacture from current designs and work with independent design companies.

Special Features

- 3-D design.
- Robot simulation.
- In house test and prototype build.
- 3-D inspection.
- In house tool room to support fast response requirements.
- Automotive Standards.
- Pneumatic , Hydraulic or manual clamps.
- 3 'D' shimming for accurate setting.
- Nickel plated to minimise spatter pickup.
- Leading brand pneumatics.
- Automatic part eject option.
